PROFILE

As a freelancer, I design and build custom websites, focusing on user experience and functionality. My work involves understanding client needs, creating responsive designs, and delivering tailored web solutions. I am determined to learn and grow in the software development industry and eager to tackle new challenges.

WORK EXPERIENCE

Web Developer

Freelancer 2022 - Present

- Custom Website Development: Designed and built various websites for small businesses and individuals, focusing on user experience, responsiveness, and functionality.
- Technologies Used: HTML, CSS, JavaScript, React, Vue, Node.js, and TypeScript.
- Project Highlight: Developed a landing page for a platform connecting artisans to clients in Nigeria using React and CSS. The page attracts potential users and redirects them to the mobile app for sign-up.
- Portfolio Site: Created a personal portfolio website using HTML, CSS, and JavaScript to showcase web development projects and skills. The site includes sections for bio, projects, skills, and contact information.
- Client Collaboration: Worked closely with clients to understand their needs, deliver custom solutions, and ensure satisfaction with the final product.
